July 30, 2007

Spa at West Baden Springs Hotel officially open

Second of two spas at

French Lick Resort Casino now complete

WEST BADEN – The Spa at West Baden Springs Hotel has officially opened its doors to the public. The two-level natatorium, based on the original 1902 design, contains an indoor pool, fitness center, hair salon, men's and women's spa treatment rooms, as well as areas for hydrotherapy and couples' treatments. This marks the second spa to open at the French Lick Resort Casino, offering a total of 39 treatment rooms between the two facilities.

The 14,000-sq.-ft. spa, more intimate in scale than the Spa at French Lick, connects to the West Baden Springs Hotel via an enclosed walkway featuring a mosaic tiled floor and textured wall covering. Conrad Schmitt-designed decorative paintings and murals adorn the reception area and fitness center. The salon features old-fashioned barber chairs and fireplace mantels as work stations. The fitness center features Matrix equipment, including treadmills with built-in TVs, as well as elliptical trainers and exercise bikes. This first-floor indoor pool is open to a view of the ceiling above the second floor. An outdoor pool and whirlpool are also part of the new facility.

Authentic mineral springs water supplies the Sprudel bath, so named for the Sprudel mineral water once bottled near the resort by the West Baden Springs Company in the early 20th century.

Spa-goers may enjoy Malibu Wellness products, which are designed to reduce the aging process through Total Oxidation Management, the PureOlogy line of hair care products, and La Bella Donna Cosmetics, a mineral makeup product line of color cosmetics with treatment-quality ingredients and natural sun protection. The Sprudel snack bar and juice bar are also available to patrons.

Spa hours will be from 9 a.m.-9 p.m. Monday through Thursday, Friday & Saturday 8 a.m. -10 p.m. and Sunday from 8 a.m.-6 p.m. To schedule your, [CLICK HERE](#).
